

## Quality Policy

**Quality** of equipment and service is a primary objective, with all employees taking pride in the efforts to surpass personal and company expectations for successful management of Priority's Quality Program. Priority will provide its customers with quality products and services, delivered on time, that meet or exceed specified, statutory and regulatory requirements.

**Our Team** accomplishes Priority's high quality standards by:

- The organization's commitment to meet and exceed all customer requirements, and the requirements of API Q1 9<sup>th</sup> Edition; API 19G1 and API 19G2 Specifications
- The organization's commitment to continually improve the effectiveness of the Quality Management System
- Teaching all employees the requirements of API Q1 9<sup>th</sup> Edition; API 19G1 and API 19G2 Specifications
- Establishing and measuring quality objectives
- Communicating to the Priority Team this policy and the importance of customer satisfaction
